

Daily Rain Might Help Car Income

Conductors Vie With One Another in Crowding Them In.

While applicants for positions on the police department of Oklahoma City are endeavoring to pass civil service examinations on subjects of orthography, penmanship and dictation, persons having ambitions to be conductors on the street cars of the city, are working hard on the problem of putting from 95 to 100 passengers in a thirty-six passenger street car.

To date the conductor who conducts the 7:45 a. m. street car to the business district has the record. Yesterday he carried ninety-five passengers, in, on and about the car while he passed this record with ninety-seven this morning.

Another conductor tried to break the high record of his contemporary this morning but with the ninety-fourth passenger three-fourths in the street and one-fourth on the step of the car he had to surrender his ambition and pass up fifty-six others who were anxious to join the picnic.

It was rumored among the quiet residents of that end of the city that a large car with seating capacity for fifty persons would be run on the Linwood line this morning, which accounted for the crowds that stood in the rain—and helped swell the hating average of street car conductor No. 1 in his thirty-six passenger carriage.

NEROIER TELLS HOW HE BESTED GERMANS

NEW YORK, Oct. 8.—Cardinal Mercier told yesterday at a luncheon given by the merchants' association how his famous pastoral letter of Christmas, 1914, denouncing the acts of the German invaders and urging the Belgians to defend their rights, was smuggled through the German lines to be published to the world.

"At the frontier," said the cardinal, "we have a seminary of priests, and the seven or eight hundred students usually receive from their families great quantities of cheese in boxes. Many of the boxes of cheese come from Holland and the wrapping paper in it is old, filthy and soiled. I therefore made my letter old, filthy and soiled and it was sent back with some of this soiled wrapping paper in a cheese box being returned to Holland. A friend received it in due course and had it published and sent to France, England and America. So the whole world soon had read it."

British Ship Sunk But Crew Is Safe

HALIFAX, N. S., Oct. 8.—The British steamer Siergh Castle has been sunk at sea, according to a wireless message received today by the marine department's agent from the American steamer Alaf. The Alaf reports that she has taken the crew of the British steamer on board.

Jubilee for Mine Sweepers. LONDON, Oct. 8.—"You can tell the families of my 4,500 mine sweeping champions that the men will be home late in October or early in November and they're going to have a jubilee in New York as soon as I am able to get them together," said Admiral Joseph Strauss, who sails for America on the Adriatic tomorrow.

They have completed one of the biggest jobs of the war—the sweeping up of the mines in the North Sea—in record time, and they deserve all the credit in the world.

About the Big And Little Stars

Virginia Lee Corbin is the latest actress to be lured by the foot lights. And her mother, Mrs. Corbin, claims that she is the youngest motion picture star to leave the screen for the speaking stage. Little Virginia is preparing a sketch for vaudeville called "Tears." Many of the little kiddies who saw Virginia in "Jack and the Beanstalk" and "The Babes in the Woods" will be sorry to see her leave pictures.

Virginia was born in Prescott, Arizona, on December 5, 1912. In 1915 her mother and father moved to Los Angeles. On the advice of many artists for whom Virginia had posed, Mrs. Corbin decided to take a look at the motion picture studios. She took Virginia with her one day, when she visited the studios. One of the directors saw her and insisted on her working for a day in a production he was taking. She did. That was the beginning. She made so good that they would not let her get away from pictures.

In October, 1916, she had been acting about a year. She played leading feminine roles for William Fox in "Jack and the Beanstalk," "The Babes in the Woods," "Treasure Island" and "Aladdin and the Wonderful Lamp."

Harold Lloyd Improving. Harold Lloyd, the comedian, who was injured in a bomb explosion, is mending nicely and the surgeons now assure him of restoration to his brilliant career.

Harry Morey in New Role. Harry T. Morey soon will appear in a series of detective plays written especially for him by Van Rensselaer Dey, originator of the Nick Carter detective stories. Mr. Morey is one of the oldest stars in point of service. His features have covered a wide range of subjects, from society life to roughing it, but as a detective of the Nick Carter type he will enter a new field. The new stories will be of the ultra-melodramatic type wherein the star can revel in different disguises, thrash the villain and make love to his heart's content.

Had Bilious Attacks. "Some time ago I had indigestion and frequent bilious attacks. I procured a bottle of Chamberlain's Tablets and was greatly surprised by the quick benefit I received from a few doses of them. One bottle cured me as I have not had any return of them," writes Mrs. Ella Wright, Chillicothe, Mo. If you have any trouble with your digestion give these tablets a trial. They will do you good. Society Women Use New Wrinkle Remover

Since the discovery that a solution of ordinary ammonia and witch hazel has a peculiar effect upon wrinkled skin, it has been learned that many prominent society women all over the country have used this simple home treatment with great success. The formula is: Powdered ammonia, one ounce, dissolved in witch hazel, one-half pint. Use daily as a wash lotion.

The beneficial action of this wash is felt at once. There is an agreeable refreshing sensation and feeling of exhilaration. Rashiness and all wrinkles are immediately affected, and the skin soon becomes firmer and more youthful looking. No woman need hesitate to get the ingredients at the drug store and make the remedy herself for there are no harmful effects whatever.

The Best Health-Insurance Is a Clean Colon

THERE ARE TWO WAYS of insuring yourself against disease. One is to pay big premiums to an insurance company which will pay you so much a week when you get sick. And if you get sick, most of this money will have to go to the doctor who tries to make you well again.

THE BEST WAY is to keep the disease-resisting forces of the body so well organized and equipped as to guarantee health. Then you can enjoy life right along, and make it pay you premiums instead of paying premiums on a policy.

This can be done only by keeping the colon clean and free from clogging. For the most eminent medical authorities tell us that about 90% of the sickness we have is directly or indirectly due to constipation.

Nujol is the best health insurance "policy" in existence, because it keeps the colon clear and clean without dragging or weakening any of the other organs. It is the only food of constipation which has no unpleasant or dangerous "come-backs."

Nujol is not a drug. Every particle of it that goes into the body comes out of the body. But on its journey it softens any mass that may be impacted in the colon and lubricates the way so as to make it easy for nature to move the obstruction and properly get rid of it.

Nujol never interferes with digestion or any functions of any organ. It is not absorbed by those millions of little "mouths" in the intestine which suck in nourishment from the food passed along by the stomach. Its sole job is to keep things moving in an orderly, comfortable way. And it does this without any pain—does it equally well for babies, children, adults and aged folk.

Try Nujol. Get a bottle from your druggist today.

WAR-TIME WET BAN OFF THIS YEAR?

WASHINGTON, Oct. 8.—War-time prohibition will be lifted before the end of the year.

Definite assurances of this were offered by Senator Penrose, Pennsylvania, one of the senate finance committee and other republican leaders in charge of the senate's legislative program, late yesterday.

Determined efforts are being made by them to get the peace treaty ratified with reservations before the end of the month. Some of them predicted that ratification would come "sooner than anybody now anticipated, maybe within ten days or two weeks, certainly not later than November 1."

With ratification would come the lifting of the war time prohibition ban, according to information they had received from sources close to the White House, it was stated.
